Summary

Software Engineer with **over 3 years** of experience in **backend development**, **distributed systems**, and **DevOps**. Passionate about building **scalable**, **reliable**, and **secure systems** to solve complex technical problems. Seeking new opportunities to create meaningful impact and grow toward a **Principal Software Engineer** position.

Experience

Backend Developer (Golang/Python) — *District 3, Ho Chi Minh City, Vietnam*
AS Solutions — *Oct 2023 – present*

- Designed **scalable** backend services and databases for **cybersecurity threat intelligence** processing
- Developed **microservices (gRPC)** and **distributed ingestion pipelines** collecting threat data from internet, social media, and dark web
- Developed **real-time monitoring** and **notification systems** to detect threats and alert users based on custom rules
- Developed **centralized threat intelligence platform** supporting ecosystem products and security teams in search, analysis, and data management
- Applied **AI/ML** for clustering, deduplication, and intelligent classification of threat data
- Containerized (**Docker**) and orchestrated (**Kubernetes**) services with automated **CI/CD pipelines**
- Monitored and improved system **reliability**, **scalability**, and **performance**
- Conducted **vulnerability scanning** and **security assessments** of internet-facing assets
- Contributed to **Agile** product development using **OKRs**

Software Engineer (Java) — *District 7, Ho Chi Minh City, Vietnam*
OpenWay Vietnam — *Apr 2023 – July 2023*

- Built a tool to **convert batch card issuance data from CSV to XML format**
- Maintained and improved a **flexible XML conversion tool** for different input formats
- Worked with **card/e-wallet issuance contract data** and supported data standardization
- Explored and understood **Way4 contract structure** and related basic objects
- Gained knowledge of **customer management** and **card/e-wallet product models**
- Collaborated with team to support **contract data processing** and related tasks
- Worked in an **Agile/Scrum** environment

Backend Developer (Ruby on Rails) — *District 12, Ho Chi Minh City, Vietnam*
Bestarion — *Sept 2022 – Mar 2023*

- Designed and developed **internal web applications** to support company operations and employee activities
- Collaborated with **stakeholders** to gather requirements and improve system usability
- Maintained and enhanced existing web systems to ensure **performance** and **reliability**
- Contributed to product development in an collaborative **Agile/Scrum** environment

Skills

Programming Languages: Golang, Python, Java, Ruby

Frameworks & Libraries: Gin, Beego, GORM, entgo, FastAPI, Spring Boot, Hibernate, Ruby On Rails

Databases & Storage: PostgreSQL, MySQL, Microsoft SQL Server, MongoDB, Neo4j, Milvus, Redis, MinIO

Distributed Systems & Messaging: Kafka, RabbitMQ, NATS, NSQ, gRPC, Protobuf, REST APIs, WebSocket

CI/CD: GitLab CI, GitHub Actions

Containerization & Virtualization: Docker, Kubernetes, Rancher, VMware, VirtualBox, QEMU, Proxmox

Monitoring & Observability: Prometheus, Grafana, ELK Stack, Jaeger, OpenTelemetry

System Architecture: Microservices, Clean Architecture, Monolithic Architecture, MVC

Networking & Infrastructure: Ansible, Nginx, HAProxy, NetBird, SSH, OpenVPN, SCP, Linux, Windows

AI/ML Tools: Ollama, Hugging Face, OpenRouter, OpenAI-Compatible APIs

Testing: Postman, Insomnia, Swagger, OpenAPI

Tools & Others: Git, GitHub/GitLab/BitBucket, Jira/Trello, Confluence, VS Code, IntelliJ IDEA

Education

Ho Chi Minh City University of Technology — *Thu Duc City, Ho Chi Minh City, Vietnam*
B.Eng. in Information Technology — *Sept 2019 – Sept 2023*

- GPA: **3.75/4.0**
- Awarded **Outstanding Student of the Program** (2019-2023)

Certificates

Gemini Certified Educator — *Feb 2026*
Google for Education

Certificate of English Level B1 — *Oct 2022*
Ho Chi Minh City University of Technology

Global Software Talent — *July 2022*
FPT Software

Agile & Scrum Training — *June 2022*
DEK Technologies

Awards

Outstanding Employee of the Year (2025) — *Jan 2026*
AS Solutions

Outstanding Student of the Program (2019-2023) — *Sept 2023*
Ho Chi Minh City University of Technology
